

The Bryan & Vinny Show returns today with a packed weekday episode! Tons to discuss including Smackdown from last Friday night, three-hour Raw Monday, Vinny's thoughts on SATURDAY MORNING SLAM~!, plus a full review of the Triumph and Tragedy of World Class DVD which is up on Netflix right now. I would say a fun show as always, but talking about the tragedy of World Class is never that much fun. But still, check it out~! {radioShow dmdocuments/100312bvshow.mp3}
