 Show aired on: 07/26/2008

The announcers welcome us to the show from Irapuato, and Dr. Morales is finally back. All of them argue about what happen at TripleMania. The usual recap video is shown, and this one recaps TripleMania. The Apaches got shaved, Porky was attacked by his own brother El Brazo, Team AAA was defeated by Lashley and the Legion. Mesias and Vampiro battled in a street fight that ended in a draw, and Cibernetico retained the AAA title, with some assistance from Joaquin Roldan. For this show, another AAA vs. Legion match, and the Hell Brothers are in tag team action. Plus, the Konnan/Roldan feud continues.

\*Pretaped Segment: The Night Queens cut a simple promo. They say they continue to celebrate the movement of pride. They're happy that people finally accept them, that's why persons like them are in the Lucha world. Jesse claims he's simply supporting his partners (yeah right), and Yuriko says they demand respect, and they will earn it inside the ring. Free yourself!

### 1) Night Queens (Polvo, Nigma & Jesse) vs. Gato Eveready, Argenis & El Angel

-First Fall: Typical opener, with both teams applying some good offensive moves. The Queens bring a trash can to attack the tecnicos. Polvo misses a dropkick on Argenis, and Jesse accidentally hits Nigma with the trash can, so the tecnicos make the comeback. The tecnicos now use the trash can as a weapon. Angel does a Diving Plancha on Jesse. Nigma grabs a nightstick, but he mistakenly hits Polvo. Gato capitalizes to roll Polvo for the three count.

Winners: Gato Eveready, Argenis & El Angel

\*Pretaped Segment: Konnan actually arrives to the Arena in Irapuato to confront Joaquin Roldan. He basically calls Irapuato the city of trash and flies, and the crowd booes.

\*Pretaped Segment: The Morenos cut a promo. They want to show that they're the best, and Oriental is tired of watching the Apaches every week on TV (amen to that!). The Morenos didn't come to cry, act or whatever thing the Apaches do, they came to wrestle. Cinthia says she's coming for the titles that they never lost, and beware Mari. The Morenos are the best.

### 2) El Apache & Mari Apache vs. Oriental & Cinthia Moreno

-First Fall: Some nice chain wrestling from the four individuals. Apache keeps insulting the crowd to gain more heat. The Apaches slowly take control of the match, with double team moves. Apache accidentally slaps Mari, and the comeback begins. Cinthia does a Diving Silla off the apron on Mari. Oriental tries a delayed Vader Bomb, but Apache lifts his knees. Apache hits the Crucifix Powerbomb, and it's over.

Winners: El Apache & Mari Apache

\*Noti AAA:

-The Konnan/Roldan feud was transfered to a popular talk show in Mexico. Roldan claimed Konnan has a contract with AAA, and he signed with the late Antonio Pena. Konnan says he's an independent signing, so he can't be suspended. Konnan is very happy that Roldan got injured. The hosts of the show called Konnan "ungrateful", but Konnan says he doesn't care (Obviously, this is a worked angle).

-During TripleMania, Vampiro delivered a right punch on Arturo Rivera.

-AAA is currently touring the south of the US, with all its major stars.

-In the show of Monterrey, there will be a Gauntlet match to determine the new #1 Contender for the AAA title at "Verano de Escandalo".

-For the show of Queretaro, there will be a rematch between Mesias and Vampiro.

\*Pretaped Segment: Angel and Superfly argue backstage, and the find a computer. It has the image of Fly inside a coffin,

and a message that reads "Courtesy of the Foreign Legion". Fly seems to be very scared, but Angel tells him it's just photoshop. Fly is worried about what the Legion can do to him.

### 3) Vipers Revolution (Psicosis, Black Abyss & Histeria) vs. Billy Boy, Yuriko & Superfly

-First Fall: The Vipers take early control of the match, mainly with triple team moves. The Vipers now use a steel chair to punish their opponents. Fly dodges the attacks of the Vipers, and the tecnicos make the comeback. The three tecnicos do simultaneous suicide dives to attack the Vipers. Yuriko and Billy try more suicide dives, but the Vipers use chairs this time. In the ring, Fly is pinned with a top rope Crucifix Powerbomb, courtesy of Psicosis.

Winners: Psicosis, Black Abyss & Histeria

\*Pretaped Segment: The Konnan rant continues. Konnan says he's already in Irapuato, and calls out Roldan's wife. He asks Roldan's wife to tell her husband to not mess with Konnan, or else he will be finished.

\*Pretaped Segment: Porky is crying, due to the betrayal of his brother, but his partner cheer him up. On the other hand, the Guapos cut a promo. Decnnis says that he and Guapito still remain in AAA to keep the Guapos VIP going (note that Scorpio and Zumbido left the company). They introduce the newest member: El Brazo. He says he hates fat people (he's must hate himself too), especially his brother.

### 4) Guapos VIP (Decnnis & El Brazo w/Guapito) & Pirata Morgan vs. Brazo de Plata, Elegido & Alebrije (w/Cuije)

-First Fall: Another typical match, but this time the midgets also get some ring time. The heels snap, and the triple team attack begins. Brazo pulls a steel fork to open the forehead of Porky. Guapito joins the beating, and Elegido's mask is partially destroyed. Porky is now bleeding hard from the forehead. Decnnis does a Diving Plancha on Alebrije, and the Brazos are left alone in the ring. Porky lands outside, and Brazo does a Rolling Body attack off the apron. In the ring, Morgan pushes the referee, and Elegido rolls him with a School Boy.

Winners: Brazo de Plata, Elegido & Alebrije

-Aftermath: The Guapos continue to beat the tecnicos.

\*Pretaped Segment: Mesias argues with Ozz, about the mistake they did during his match with Vampiro. Ozz tries to explain what happened, but Mesias doesn't let him talk. Now the job Mesias has for Ozz is to finish Chessman. On the other hand, Chessman and Ciber argue. Chessman claims he will burn both Mesias and Ozz, but Ciber calms him down. Cibernetico tells Chessman to slow down, and concentrate on his match. Apocalypsis Ahora!

### 5) Chessman (w/Cibernetico) vs. Dark Ozz (w/Mesias)

-First Fall: Both men apply equal amount of offense. Weapons begin to appear, and among those are plastic chairs and a table. Chessman applies several punches to the face of Ozz. Chessman misses a Corkscrew Moonsault, and Ozz capitalizes on the mistake. Mesias keeps distracting Chessman, but Chessman is more aggressive than ever. Chessman puts a chair across the neck of Ozz, and goes for a Legdrop, but misses. Chessman sets Ozz on the table, and goes for the Spear, but Mesias pulls his protege. Ozz spears Chessman through the table, and it's over.

Winner: Dark Ozz

\*Pretaped Segment" Roldan finally arrives to the arena to confront Konnan. Roldan is tired of Konnan, so from now on, Konnan is totally out of AAA. Several tecnicos arrive to the ring to attack and control Konnan. Security staff takes Konnan out of the ring. Roldan claims this is not over yet, so he'll have more surprises for him soon.

\*Pretaped Segment: La Parka officially welcomes Silver King to the company. Parka is happy to team with Silver, but he has his doubts regarding Vampiro. Parka warns Vampiro to watch his footsteps, and he also warns the Legion.

### 6) Zorro, Kenzo Suzuki & Electroshock vs. La Parka, Silver King & Vamprio

-First Fall: Typical opening, with both teams doing their offense moves. Mesias and Ozz arrive to take Vampiro away. Vampiro is taken backstage, and the heels punish him hard. The match is now handicapped, and the Legion is under control. Silver and Parka manage to make the comeback, and Silver does the Zigzag Crossbody on Electro. Kenzo fouls Parka, but this time Silver makes the save. Zorro uses the kendo stick to attack Silver, and the three count is made.

Winners: Zorro, Electroshock & Kenzo Suzuki

-Aftermath: Zorro can't believe how unstoppable the Legion is. Zorro makes an open invitation to the Legion, so it's now or never. The Apaches arrive to the ring, so they want to join in. Zorro insults the Apaches, and the Legion attacks both. Ayako arrives to help on the beating, but the Hell Brothers make the save. Chessman snaps and attacks Ayako. Ciber stops Chessman from attacking a lady. Apparently, the HBs are having some issues.
