

## **VIDEO: Jerry Lawler speaks for first time since heart attack, thanks fans via Tout**

Thursday, 13 September 2012 18:15

---

Just four days after suffering a heart attack during WWE's Monday Night RAW in Montreal, Jerry Lawler addressed his fans Thursday via the WWE's latest social media vehicle of choice - Tout - and seems to be in great spirits during his recovery.

In the quick clip, Lawler joked he felt like the Bionic Man and had more wires coming out of him than AT&T, thanking the fans for their support.
